

Grace

We long for a world
where food is joyfully shared,
Where welcome is abundant,
Where compassion reaches all.
As we work towards your
kingdom, we thank you God
for food for the journey.
Amen.

Did you know?

More than 40 million people worldwide have been displaced within their own countries and remain uprooted and overlooked.

Join us at their side, to help make sure the international community does not ignore their plight.

A recipe for fighting poverty

Your gift at this Lent Lunch may seem like a small action in the face of global hunger and poverty. But you'll be helping to transform the lives of some of the world's poorest people.

Dimma's story

When the rains came life was good for Dimma and her family in northern Kenya. Her goats and sheep provided milk, meat and vital income. But the last time Dimma can remember rain was two years ago. With her flock dying and her children hungry, Dimma and her family had to leave home to find water.

Your support helped to provide Dimma with money for food and livestock feed, keeping her family and animals alive. Like Dimma, many of our sisters and brothers are forced into the wilderness by the devastating effects of climate change. This Lent, walk with them in hope.

We believe in life
before death
