

Rejoice always, pray without ceasing,
give thanks in all circumstances;
for this is the will of God
in Christ Jesus for you.

1 Thess 5:16-18

Myanmar

- Myanmar has been under protracted armed conflicts for more than seven decades among different ethnic groups and the military. Recently, there has been intense armed clashes in the Rakine State, displacing many ethnic people and trapping many in between the conflicting armed groups. Please pray for the displaced and the trapped people to be safe and free from fear and hunger. Please pray that God would touch the hearts of those conflicting parties and come to a peaceful resolution.

- Please pray for the leaders of Myanmar to bring political stability in the Country, and the upcoming general elections in November. Grant the leaders wisdom and skills for the prosperity and peacefulness of the Country. We pray for Christian Aid in Myanmar and partners to be contributing effectively to this democratic transition.

- Bless and guide the health leaders and governments in responding and containing the Covid-19 pandemic situation. We pray for the sick to be well again and free from stigmatization due to the disease. Give strength of body and mind to the health care workers both at front line and at policy making level, so that they are capable of controlling the disease. We pray that God would intervene and enable eradication of the disease very soon.

Beatrice Waiyiki leads prayer at a meeting of the HIV support group in Murang'a, Kenya run by Christian Aid's partner KENWA.

Nigeria

- In view of the ongoing insurgency in the North Eastern part of Nigeria and most recently, the Covid 19 pandemic, let us pray for Christian Aid staff who are implementing projects in these locations. Ask God to protect them and their families; keep them safe from harm. Also pray for our beneficiaries and the internally displaced persons that God will protect them from the pandemic. (Ps 91: 11)

- Pray for Nigeria and the leadership. Ask God for his divine guidance and wisdom for leadership. Ask God to raise God-fearing leaders who will fight corruption, nepotism and the other forms of ills in the nation.

- Pray for divine intervention and solution in respect of the global Covid 19 pandemic. Ask God for quick recovery of those infected and protection of those in the frontline attending to patients. Ask for quick recovery of businesses and livelihoods post Covid 19 across the nation. (Joel 2:25)
